

Miss Riley's Classroom

Little Echoes Preschool

Vol.4 issue 32

May 1st - 5th, 2017

Last Week's Activities

Last week we learned about insects and arachnids. We learned the 3 main parts of insects (head, thorax, and abdomen) and talked about the different kinds of insects there are. Arachnids have more legs and different body parts; insects have 6 legs, antennae, and some can even swim and fly. We talked about dimes and found the real ones versus the fake dimes. We talked about Franklin D. Roosevelt and how he was known as FDR.

This Week's Activities

Weekly Theme:

Caterpillars/Butterflies

Focusing on:

Quarters

Letter of the Week:

Xx

This week we will be looking at the process that a caterpillar goes through to become a butterfly. We will be reading "The Very Hungry Caterpillar" by Eric Carle. We are going to be watching some videos on how the caterpillar makes its chrysalis and eventually comes out. This week we are learning about George Washington.

Important Dates

- May 3rd- Field Trip to St. Raphael's for "The Lion King"
- May 5th- May Crowning - Preschool WILL attend Mass this day.
- May 5th- Grandparent's Day
- May 10th- Spring Concert at 6:30
- May 11th- Muffins for Mom 8:30-9:00
